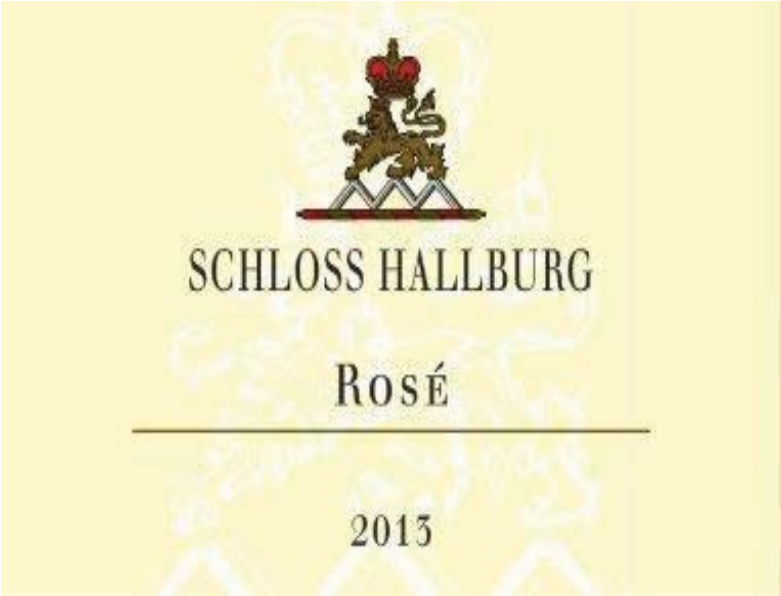
Alcohol - 11 %

Soil Type: ....Shelly Marl with Loess Loam

Production Level: ..... 725 cases

Closure: ..... Stelvin

UPC: 7 67946 40303 5



Estate: In 1806, the estate and castle became a part of the many von Schönborn holdings. Georg Hünnerkop, the estate manager, in 2009 was chosen Estate Manager of the Year in Germany by Gault –Millau. In 2009, a celebration "350 years Silvaner" took place in Franconia. It included an expansive tasting of Silvaner vintages. The oldest Silvaner, from the 1915 vintage, came from Schloss Hallburg. Today the estate produces superb wines from the Pinot Trio (Pinot Blanc, Pinot Noir and Pinot Gris), Silvaner and Riesling. The estate also produces noble sweet wines almost every year from both Silvaner and Riesling. Schloss Hallburg's Flagship vineyard is the Hallburger Schlossberg with soils of gypsum marl, limestone, gravely loess/loam and layers of clay. It is from this vineyard Georg Hünnerkop produces his spectacular biodynamically farmed "Three Star" Pinot Blanc, Pinot Noir and Pinot Gris, the Estate's top quality dry wines.

Tasting Note: Elegantly ruby red in color. This Rosé's nose is very inviting; strawberry, cherry and minerality. Rich, yet elegant on the palate, juicy strawberries and raspberries and plum notes join the elegant and juicy mouthwatering acidity. The wine has a very cleansing mineral finish. The wine is a great match to first courses such as salads, raw fish and light dishes or a perfect choice as and aperitif.
